Monday

Allot ample class time each Monday for introducing the spelling list and having students complete the first page of the unit.

Introducing the Week's Words

Give each student the spelling list for the week. Here are ways to introduce the words:

- Call attention to important consistencies noted in "This Week's Focus," such as a phonetic or structural element. For example, say: *As we read this week's spelling list, notice that all the words have the same vowel sound.*
- Read each word aloud and have students repeat it.
- Provide a model sentence using the word. Have several students give their own sentences.
- If desired, add "bonus words" based on the needs of your class. These may be high-utility words or words that the class is encountering in curricular studies.

Writing the Words

After introducing the words, have students study and write the words on the first page of the unit, following these steps:

Step 1: Read and Spell

Have students read the word and spell it aloud.

Step 2: Copy and Spell

Tell students to copy the word onto the first blank line and spell it again, touching each letter as it is spoken.

Step 3: Cover and Spell

Have students fold the paper along the fold line to cover the spelling words so that only the last column shows. Then have students write the word from memory.

Step 4: Uncover and Check

Tell students to open the paper and check the spelling. Students should touch each letter of the word as they spell it aloud.

Home Connection

Send home a copy of the Parent Letter (page 145) and the Take-Home Spelling List for the week (pages 10–19).

Daily Academic Vocabulary

Daily Academic Vocabulary, the newest addition to Evan-Moor's popular "Dailies" titles, is a supplemental vocabulary series for grades 2–6. This series features direct instruction of vocabulary, shown to be the most effective way to expand students' vocabulary. Both reproducible teacher's edition and student practice book formats are available. ***Correlated to state and Common Core State Standards.***

Two Great Formats!

Reproducible Teacher's Edition

- Definitions and sample sentences for each week's words
- Ideas for how to introduce the words
- Instruction that builds on students' personal connection to the words
- 32 Transparencies that display each week's words, definitions, and sample sentences

Student Practice Books

- **Days 1–4** each week present three or four practice items that focus on using the words in a scholastic or personal context.
- **Day 5** is a review that features four multiple-choice items and an opened-ended writing activity that requires students to apply the words to their own experiences.
- **Four quarterly review weeks** give students additional practice on the words introduced in the prior eight weeks. Practice formats include cloze paragraphs, crosswords, and crack-the-code puzzles.
