What Do You Know About Animals?

Polar bears have a good sense of smell. They can smell fish under the ice from far away. They are strong, and they can smash open ice blocks to catch the fish.

Zebras are not colorful, and they can't change color. But every zebra's stripes are different, just like fingerprints.

The mimic octopus isn't colorful. But it can change its color and shape. It can look like a jellyfish, a snake, or fifteen different animals.

A hummingbird is one of the smallest and lightest birds. It is lighter than a coin, and it can fly backwards.

A box jellyfish has 24 eyes. It is shaped like a box.

Ni Hao from Panda Kindergarten, China!

ni hao = hello

This week, we're volunteering at a panda kindergarten. Every morning, we clean the pandas' rooms, and then we feed them. They eat a lot of bamboo every day! Pandas also like carrots and apples. We didn't know that.

Newborn pandas are very small. They are about as light as a stick of butter. But they grow quickly.

We like watching the pandas. They really like to play. Baby pandas like to tumble, climb, and chase. They are very funny.

Reef, Australia

G'day from the Great Barrier Reef in Australia!

Today we went scuba diving. We swam slowly around the coral and saw some clownfish. They were very colorful and friendly.

Then we saw a big sea turtle. Turtles are not graceful on land, but they are very graceful in the water.

We swam back to the boat. Dolphins swam next to us and jumped out of the water.

This is the world's largest coral reef. It's a beautiful underwater world!

ELEPHANT CAMP

Today I went to an elephant camp in Thailand. The elephants and their trainers were playing soccer! They were very good. The elephants can play soccer better than I can!

Another elephant was painting a picture. Her name was Sai. She wrapped her trunk around the paintbrush. She painted a picture of a flower. Sai can paint better than I can!

I visited the elephant nursery, too. The baby elephants were very cute. They played all day. Maybe they'll be soccer players or painters someday!

Butterflies

The monarch butterflies are here in California! They usually live in the north in the summer. Every winter, they spread their wings and fly south to Mexico because they don't like the cold.

Monarch butterflies are beautiful. They fill the sky with orange and black spots when they fly.

In the winter, the butterflies stop in California to rest. They are in all the trees. Winter is my favorite season because the butterflies are here. They are graceful, colorful, and wonderful.

We're not at the top of Mt. Everest because only mountain climbers can go there. But we can see the top!

We stayed with a host family in a small village last night. Everyone was very friendly. We ate curry and bread for dinner. It was delicious.

Summer is trekking season. It's too cold in the winter. Tomorrow, our guides will take us to the Everest Base Camp. We'll be at the top of the world!

Why Do Foods Taste Different?

You need two things to taste food: taste buds and a sense of smell.

Taste buds are on your tongue. They help you taste each kind of flavor. Taste buds tell you that ice cream is sweet, potato chips are salty, lemons are sour, and some dark chocolate is bitter.

Your sense of smell is important, too. It helps you taste.

Try this. Drink a glass of apple juice. It will taste sweet. Then pinch your nose closed. Drink some more juice. Now you can't taste it because you can't smell it.

Hello from the Grand Canyon, U.S.A.!

This morning, we went rafting on the Colorado River. The river goes through the Grand Canyon. We went through a lot of rapids. They were very rough. We've never gone rafting before. It was exciting.

In the afternoon, we camped near the river. For dinner, the guides cooked steaks over a campfire. The steaks smelled and tasted delicious!

Tonight we're going to sleep outside. We can hear the river. It sounds wonderful. We can also see a lot of stars. We've never seen so many stars!
