CLARK MEETS CLARE

The first time I ever met Clare, she was working in a clothes store in Chicago. I was feeling pretty embarrassed because I had gone in to buy a scarf for my sister and there were 20 or 30 women in there and I was the only man. I was standing in the scarves, hats and gloves section feeling sorry for myself when Clare walked up to me and asked me if there was anything I needed.

She looked very beautiful and was dressed elegantly. I must admit that for a couple of seconds, I wasn't able to say anything. I just looked at her. Finally, I said, "what size scarves do you have?" and then realized that it was quite a stupid question. I left the store a few seconds later without buying anything.

Two days later, I was sitting in a coffee bar around the corner when I heard a voice behind me say, "did you ever find the scarf you were looking for?" I turned around and was amazed to see the same pretty girl from the clothes store. We laughed about it and shared a coffee together.

Two weeks later, I was brave enough to ask Clare to go to see a movie with me. You can imagine how unhappy I was when she said that she couldn't go with me. She promised to call me another time, but I didn't believe her. The next morning, my cell phone rang and I recognized her number on the screen. She said she was free and asked if I still wanted to go to the cinema. That was seven years ago and now we've been married for nearly 5 years.

The Rodriguez Brothers Circus is in town! Every year, the circus arrives

and stays for a week. Then they go to the next town.

There are not many animals in the circus. People told the circus that they didn't like seeing animals performing. There is an elephant called Jacob and two old lions, Hattie and Meg.

Most of the performers are human! There is Leopold, The Strongest Man In The World. His father also worked in the circus, but Leopold is stronger than him, he has bigger arms and bigger legs, too! Leopold performs his act every night for the town's people who come to watch.

Another performer is Clara. She says she has the longest hair in the world. It's about 4 metres long! She also has a daughter who works in the circus. Her name is Sue-Ellen. Her hair is a lot shorter, but she wants to grow it as long as her mother's. Sue-Ellen helps look after the animals and she's also learning how to juggle.

The highlight of the circus are the three clowns, Pit, Pot and Pat. They all wear long red shoes, but Pat's shoes are the longest and sometimes, he falls over because they're so long! They perform for about twenty minutes and they are always the most popular act with the audience, especially the children. Many people think Pit, Pot and Pat are three brothers, but Pat is older than the other two - he's their father! He's the oldest clown in the country, but he has a lot of energy.

THE SCOTLAND TRIP

Here are the instructions for next weekend's camping trip in Scotland. There are seventeen people going on this trip so it's important that you arrive at the meeting point early enough for us to be able to leave at 8am. There will be two minibuses and please make sure you are on the right one. Last week's e-mail gave all this information.

We should arrive in the camping area at about 2pm, which will give us enough time to buy the food we need in the local supermarket and then go to the area where we will set up the tents, which is a long way from town. There will be a total of four large tents put up and each tent will have a tent leader, a person who went on this trip last year and therefore has the necessary experience. If you have any problems during the two days, you should always go directly to your tent leader and speak to him/her.

We are not expecting there to be very bad weather this weekend in Scotland, but the weather situation in the Scottish hills is always very unpredictable and for this reason, we have advised everyone to take wet weather clothing with you. If windy, stormy weather arrives at the camping area, it may also be necessary to leave the hills and go down into the town.

It's very likely that your phones will not work in the hills, so you must warn your parents of this. You will be able to use your phones when we are in the town, but not when we are camping.

If you have any other questions about the trip, come either to me or Mrs. Sanderson.

Write T for true statements, F for false statements, and write NG for the not given statements.

Topic: Write about the situation of traffic in your city and give some solutions to this problem. (about 70 words)

Our city is really crowded. There is too much traffic on our motorways. A 30-km trip may take 20 minutes with no car on the roads. During rush hour, the same trip may take more than one hour. Therefore, something has to be done because no one likes to spend so much time going to work and going home. Often, we cannot build more motorways because there may be not any space. There is usually not enough money too because they are very expensive. Therefore, getting more people to public transport like bus instead of private transport may be a way to solve the problem because this can reduce the number of motorbikes and cars on the roads.

I usually spend 2 hours jogging every afternoon with my friends. We often make appointment with each other at Thong Nhat park to do exercise together. It is much happier than doing alone.

And you, what is your favourite sport? Can you share your thought about it? Lovely,

Dear Oanh,

I was very happy after receiving your letter. Thanks for your praise. Are you putting on weight? Don't worry. I will help you not only to lose weight but also to have a fit and healthy body. firstly, I think you had better avoid foods high in fats like cookies, fries,.. You should also try to limit the amount of animal protein consumed. I eat really little meat. I eat a lot of vegetables, fresh fruits which are full of fiber and vitamins and drink enough water daily. The second effective measure is to do exercise frequently. You can walk or jog in the morning or afternoon everyday. Moreover, playing sports is also very good for your health, especially it is very efficient to lose weight. It is fictionalized based on the account of the sinking of the Titanic. Leonardo Dicaprio and Kate Winslet stars in this film as members of diffrent social classes who fall in love abroad the ship during its ill – fated maiden voyage. It's a litte bit silly when I cried a lots in the end of film, because the female actor was dead. No matter how, Titanic is a classic film and I think everybody should watch it at least once.

Topic: Write about your Lunar New Year, or any New Year festival in the world that you know. (about 90 words)

Lunar New Year is celebrated in a lot of countries in the world. Vietnam is among them. It's a time when families take holidays and get together. They gather at each other's homes for visits and meals, and often have a special feast on New Year's Eve.

Before the new year, it is a tradition to clean house to sweep away all the bad luck from the old year. Often, at midnight on New Year's Eve, after having a feast, people go to see fireworks.

On New Year's Day, people dress in bright red clothes and visit their relatives and friends. Adults also give money to children in red envelopes. They are also called Lucky Money.

For me, two things I love the most at Lunar New Year holiday are 15 days off from school and lucky money. It's great.

Along with jogging and swimming, cycling is one of the best all-round

forms of exercise. It can help to increase your strength, energy, giving you more efficient muscles and a stronger heart. However, increasing your strength is not the only advantage of cycling. Because you are not carrying the weight of your body on your feet, it is a good form of exercise for people with painful feet or backs. However, with all forms of exercises, it is important to start slowly and build up gently. Doing too much too quickly can damage muscles that are not used to working. Ideally, you should be cycling at least two or three times a week.

There are many reasons why it is important to have a hobby. First of all, a hobby can be a remedy for your tiredness. Because it is the activity you choose for yourself, it will always give you pleasure and help you relax. Even if you just spend a little time enjoying your hobby, you can see the difference in your spirit. Second, some hobby can also benefit you financially. Many old people enjoy gardening. They grow a lot of trees and vegetables, so they can sell them for some money. In addition, a hobby can help you connect with other people. If you like collecting stamps, you can join in a stamp club to share your album with other collectors. If your hobby is carving eggshells, you can give your products to your friend as gifts.

MARK

I don't like the end of the summer holidays. You have six weeks of freedom and then it's back to homework, boring teachers and having to get up at seven in the morning. I can't even sit next to my mates in class – the teachers separate us because they say we mess around too much.

The only good thing is the school sport, because I miss playing football during the summer.

PETER

It's difficult to believe how quickly the summers go by. When I was a kid the six-week holidays seem like forever – when school finished in July, you never thought about September because it seemed too far away.

It's not like that now. As a head teacher I have a lot of school issues to think about before September arrives. It's boring.

Under the coffee table there is a lovely rug that I bought when I was on holiday a couple years ago. Next to the rug is the sofa with some cushions on. I quite like the sofa as I can sit or lie on it.

I like to have lots of light so there are two overhead lights hanging from the ceiling. I also have a choice of heating. There is a fireplace that is very nice in winter. My family usually gathers by the fireplace in winter's night.

That's cozy.

III LISTENING

You will hear a talk about 6 people talking about their favourite animal, listen carefully and write the answer for the question below under the name of each person.

(Track 16)

What is each person's favorite animal?

Barbara, Australia

So, what is my favorite animal? Definitely cats. I love cats. I had a cat when I was a child. He was mostly black with white paws and the tip of his tails was white. He was dead cute and he lived to be seventeen years old which is quite old for a cat. I don't know. I just understand cats and I think they understand me. I love them.

Conrad, The United States

My favorite animal is definitely a dog. I can relate to dogs because I share similar characteristics such as being friendly, lovable, loyal and cute. Dogs also can do so many things to help make a person feel good. They're such giving animals and we have a German Sheperd at my parent's house in California. I really miss him now. His name is Yogi.

Lisa, Canada

What's my favourite animal? My favorite animal is a cat. If you asked me this question last year or two years ago, I would say a dog, 'cause dogs are loyal ,friendly and cute. But two years ago, I acquired a cat and since then I have grown to find cats more intelligent than dogs, not so friendly but when they cuddle on you, you love them more.

Phil, England

What's my favorite animal? My favorite animal is definitely a penguin because I think they have very much in common with humans the way they interact with each other and the way their life is very similar to human relationships. They have one single partner for all their lifetime and they have one baby which they grow up with. They nurture and help to grow up. It's very, very similar to humans. OK, I also like monkeys because they're funny and very cute, but my favorite animal is definitely a penguin.

Adrienne, The United States

What is my favorite animal? Well, my favorite animal to live with is a cat, so for a pet I would say a cat because they take good care of themselves and they're easy to look after. You can leave them alone for long periods of time. That suits me very well, because I recently saw a movie called The March of the Penguins and I suddenly have a very big appreciation for penguins and how strong they are and how cute they are, really, so I think maybe penguins and cats.

Skip, The United States

What is my favorite animal? Well, the animal I think is the most interesting or that I try to... I don't know. I don't want to say directly but the animal I think about most is the wolf because I grew up in Minnesota. Minnesota in the U.S. has the only native wolf population in the U.S. and so that's usually kind of an image that I try and... you know, strong and independent, but works well in a group.
