Read the passage and then choose the answers for the following questions.

"Incredible Inventions That Changed the World"

Inventions are amazing things that people create to solve problems or make life easier. One remarkable invention is the light bulb, which brightens our homes and streets. Before, people had to rely on candles or gas lamps. Another fantastic invention is the telephone, allowing us to talk to friends and family, no matter how far away they are. Imagine having to send letters for everything! The computer is another incredible invention that has transformed our lives. It helps us learn, play, and connect with others. Without it, we wouldn't be chatting like this!

Then there's the internet, a super useful invention that lets us find information and share ideas globally. Think about life without search engines! In the medical world, vaccinations are a lifesaving invention. They protect us from diseases and help keep us healthy. Transportation has been revolutionized by the invention of cars, trains, and airplanes, making it faster and easier to travel.

Inventions keep coming, and each one brings something new and exciting. They show how human creativity and curiosity can lead to groundbreaking changes that shape the way we live. We owe a lot to inventors and their incredible creations!
